

Duchenne Muscular Dystrophy Quality of Life Questionnaire (DMD-QoL)

COA translation information

List last updated:

14-Oct-26

Total number of languages available

43

Notes:

Certified: Created using ISPOR linguistic validation methodology, including cognitive debriefing, and certified by OUI or a suitably expert translation provider.

Non-Certified: Created independently by a licensed user/third party. Follows the ISPOR methodology but we cannot guarantee that all steps have been completed. The translation has not been certified by OUI and users should assess its suitability for their intended use.

This list of translations is subject to constant change, therefore if the language version you require is not listed, please check availability with Clinical Outcomes at Oxford University Innovation.

All of the Official Certified translations listed have been made from the original (English for UK) version and have undergone translation and linguistic validation using protocols consistent with internationally recognised good-practice guidelines. All Certified versions come with letters certifying the methodology used.
